

ISIDRO GODOY

pacurro.g@gmail.com | (424) 533-9855 | Los Angeles, CA | <https://github.com/pacg0>

EDUCATION

University of California, Los Angeles (UCLA)

2023 - Present

Computer Science & Engineering

Organizations: Association of Computing Machinery at UCLA (Officer), Center for Excellence in Engineering and Diversity

Relevant Coursework: Computer Graphics, Software Construction, Linear Algebra & Applications, Game Development, Differential Equations

DEVELOPMENT EXPERIENCE

“Broken Peaces”

***UCLA Fiat Ludum 2026 Game Jam
First Place & Community Choice Awards***

Programming, Level Design, 3D Art (Unreal Engine)

- planned and coordinated with a team of 4 developers over 72 hours to create a 3D platformer

- led team in brainstorming level and scenario concepts and then implementing them in-engine

- used Blender to model 4 unique characters and then rigged and animated them to bring them to life

Submarine of Doom and Destruction

2026

Programming, 3D assets (Three.js)

- worked in a team of 3 developers to make a simple underwater environment simulation with terrain deformation, fish behavior simulation with BOIDs and simple physics interactions

- created a robust player and camera movement system that simulates underwater mobility with simple collision-based physics

- modeled, textured, and animated a submarine in Blender, and connected its functionality to the movement and camera functionality

3D Audio Visualizer

2025

Programming (Three.js)

- worked with a team of 3 developers to make an audio visualization that reads audio data from a file or from a microphone source

- programmed audio-reactive colorization and wave effects using the *three.js* and *WebGL* graphics libraries

**SPECIAL
SKILLS /
INTERESTS**

Computer Skills: C, C++, C#, GLSL, Python, Unity, Unreal Engine, Blender, OpenGL, WebGL, 3D-Coat, Textura, Adobe Suite (Photoshop, Illustrator, Substance 3D Painter)

Languages: English (fluent), Spanish (fluent), Chinese (early intermediate)

Other Interests: Game Development, Game Engine Design, 3D Rendering Pipeline, 3D Art, 2D Art, Music

LEADERSHIP

ACM Studio at UCLA

2024 - Present

Workshop Committee Chair

- *coordinated a team of over a dozen club officers to write and host workshops every week over the course of several quarters*

- taught informative workshops on various topics, including Unity, 3D modelling, and technical game design topics

- collaborated with other officers to advertise the organization at campus events

* Other game projects I've worked on can be seen and played on my itch.io page.
